CONSULTATION

THREAT ASSESSMENT AND SECURITY CONSULTATION

Threat assessment and security consultation is the first step in creating a solid relationship with every client. Most clients have a perception of existing problems prior to contacting us; however, we will analyze all aspects of any hazards, seen or unseen. There may be existing unknown or unforeseen possibilities that can create a breach in security or loss in assets. Many times after E.T.S. conducts a thorough research analysis and assessment, new vulnerabilities are discovered. We are specifically focused on ensuring total safety.

K9 unit bomb and narcotics detection services are also available.

*All state and federal licensing and insurance are available upon request.

*All services and consultations are discreet and confidential
